SUBJECT: PANAMA: US-EU PRISONERS OF CONSCIENCE DECLARATION

REF: STATE 40380

POLOFF delivered reftel demarche to MFA DG for External Affairs Javier Bonagas on April 17. Bonagas had no substantive response, and post has not received any substantive response to follow-up inquiries. COMMENT: Post assesses that Panama will be leery about joining this effort should it become identified as being "anti-Cuba," but would likely join a majority consensus should one emerge if this proposal does not become identified as being solely "anti-Cuba." Bottom line: Panama will likely want to follow, not lead on this matter.
